

## ACKNOWLEDGEMENTS

The South Florida Water Management District (SFWMD) expresses our appreciation to the Water Reservations Evaluation Team (WRET) participants for their comments, information, and assistance throughout the development of this document. This team included representatives from the South Florida Water Management District, U.S. Army Corps of Engineers, Florida Department of Environmental Protection, Everglades National Park, and U.S. Fish and Wildlife Service. Special appreciation to the Water Resources Advisory Commission, South Florida Ecosystem Restoration Task Force and Working Group for their valuable input to the policy and technical issues presented in this document. In addition, special recognition is extended to the individuals in the District's Technology Resource Team Division who provided expertise during preparation of numerous presentations on the water resource concepts presented in this document.
